

# EARIP HCP TABLE OF CONTENTS

## Chapter 1 Introduction

### 1.1 Background

- 1.1.1 Description and Purpose of EARIP
- 1.1.2 Endangered Species Act Compliance
- 1.1.2 Legislative Requirements

### 1.2 Plan Area

- 1.2.1 Western Region (Edwards, Kinney, Real, and Uvalde Counties)
- 1.2.2 Central Region (Atascosa and Medina Counties)
- 1.2.3 Eastern Region (Bexar, Caldwell, Comal, Guadalupe, Hays, and Kendall Counties)
- 1.2.4 Downstream Counties (Calhoun, Dewitt, Gonzales, Refugio, and Victoria Counties)

### 1.3 Permit Area

### 1.4 Permit Holder, Permit Duration, and Permit Conditions

### 1.5 Species Proposed for Coverage under the Permit

### 1.6 Regulatory Framework

- 1.6.1 Edwards Aquifer Authority
- 1.6.2 Federal Endangered Species Act
  - 1.6.2.1 Section 10
  - 1.6.2.2 Section 7
  - 1.6.2.3 Critical Habitat
- 1.6.2 The Section 10 Process—Habitat Conservation Plan Requirements and Guidelines
- 1.6.3 National Environmental Policy Act

### 1.7 Alternatives Considered During the Development of the HCP

### 1.8 Public Involvement

- 1.8.1 Advisory Groups
- 1.8.2 Public Scoping Meetings
- 1.8.3 Collaboration with Other Jurisdictions, Regional Planning Efforts, Other Entities

## Chapter 2 Activities Covered by the Permit

### 2.1 Measures to Manage Water at the Springs

- 2.1.1 Quarries for spring supplementation
- 2.1.2 ASRs for spring supplementation
- 2.1.3 Off-channel storage for spring supplementation
- 2.1.4 Recharge and recirculation for spring supplementation

### 2.2 Measures to Manage Other Factors Affecting the Spring Ecosystems

- 2.2.1 Creation of a Scientific Study Area for Texas Wild Rice

## Table of Contents

- 2.2.2 Remove floating vegetative debris
- 2.2.3 Establish and restore riparian zones, including bank stabilization
- 2.2.4 Defined access for recreation (informed by study from both springs)
- 2.2.5 Implement and enforce Best Management Practices (BMPs)
- 2.2.6 Improve gauging and accuracy at springs informed by USGS and others' work
- 2.2.7 Other measures

### **2.3 Other Riverine Ecosystem Restoration Activities**

### **2.4 Other Land Use and Recreation Management Activities**

### **2.5 Activities Not Covered by the Permit**

## **Chapter 3 Environmental Setting/Baseline Conditions**

### **3.1 Hydrology and Water Quality**

### **3.2 Climate**

### **3.3 Vegetation**

### **3.4 Wildlife**

### **3.5 Land Use**

### **3.6 Socioeconomics**

## **Chapter 4 Habitat Modeling and Potential Impacts from Covered Activities**

### **4.1 Comal Springs/River Ecosystem**

#### 4.1.1 Fountain Darter

#### 4.1.2 Comal Springs Riffle Beetle

#### 4.1.3 Comal Springs Dryopid Beetle and Peck's Cave Amphipod

### **4.2 San Marcos Springs/River Ecosystem**

#### 4.2.1 Fountain Darter

#### 4.2.2 San Marcos Salamander

#### 4.2.3 Texas Blind Salamander

#### 4.2.4 Texas Wild-rice

### **4.3 Downstream and Other Spring Systems**

#### 4.3.1 To be determined

### **4.4 Climate Change**

### **4.4 Cumulative Effects**

## **Chapter 5 Measures to Minimize Potential Impacts**

### **5.1 Comprehensive Aquifer Management**

### **5.2 Demand Management/Critical Period Management**

## **Chapter 6 Measures to Mitigate Potential Impacts**

### **6.1 Recharge**

### **6.2 Ecosystem Restoration**

### **6.3 Land Use and Recreation Management**

## **Chapter 7 Adaptive Management Program**

### **7.1 Biological Goals**

- 7.2 Effectiveness Monitoring**
- 7.3 Comal Springs/River Ecosystem Adaptive Management Activities**
  - 7.4.1 Fountain Darter
  - 7.4.2 Comal Springs Riffle Beetle
  - 7.4.3 Comal Springs Dryopid Beetle and Peck’s Cave Amphipod
- 7.5 San Marcos Springs/River Ecosystem Adaptive Management Activities**
  - 7.5.1 Fountain Darter
  - 7.5.2 San Marcos Salamander
  - 7.5.3 Texas Blind Salamander
  - 7.5.4 Texas Wild-rice
- 7.6 Downstream and Other Spring Systems Adaptive Management Activities**
  - 7.6.1 To be determined

## **Chapter 8 Implementation Roles of the EAHCP Participants**

- 8.1 Edwards Aquifer Authority**
- 8.2 U.S. Fish and Wildlife Service**
- 8.3 Others ?**

## **Chapter 9 Costs and Funding**

- 9.1 Existing Assured Funding Mechanisms**

## **Chapter 10 Changed Circumstances, Unforeseen Circumstances, and No Surprises**

- 10.1 Changed Circumstances**
- 10.2 Response to Occurrence of Changed Circumstances—Adaptive Management**
- 10.3 Unforeseen Circumstances**
- 10.4 Response to Occurrence of Unforeseen Circumstances—Monitoring and Adaptive Management**
- 10.5 Procedure for Determining Occurrence of Unforeseen Circumstances**
- 10.6 No Surprises**

## **Chapter 11 Permit Administration**

- 11.1 Compliance Monitoring**
- 11.2 Permit Amendments**
- 11.3 Subsequent listing of Covered Species**

## **Chapter 12 Preparers and Contributors**

## **Chapter 13 Abbreviations, Acronyms, and Glossary**

- 13.1 Abbreviations and Acronyms**
- 13.2 Glossary of Terms**

## **Chapter 14 References Cited**
