Re: EARIP Science Subcommittee

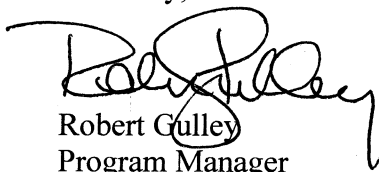

Dear Alan:

Sections 5.4 and 8.9 of the amended Program Operational Rules of the Edwards Aquifer recovery Implementation program when read together provide that the failure of a member of a Subcommittee to attend three consecutive meetings is "deemed a resignation." That amendment was adopted in May 2009.

Susan Aragon-Long informs me that due to work commitments you have missed at least three meetings of the Science Subcommittee since the adoption of the amendment. Accordingly, it will be necessary to replace you on that Subcommittee.

I would like to thank you for your participation on the Science Subcommittee last year. You were a valuable part of the SSC team, and your contributions are very much appreciated.

Sincerely,

Robert Gulley  
Program Manager  
Edwards Aquifer Recovery  
Implementation Program
