

Edwards Aquifer Recovery Implementation Program Collaborative Learning Agenda

Edwards Aquifer Authority, San Antonio/Price Senior Center, San Marcos
Texas

Elements Identified during Group Brainstorming February 28, 2007

What did you come up with?

- Private land stewards
- Water suppliers
- E. Species
- Water supply
- Agriculture
- Bays and Estuaries
- Rec and Ecotourism
- Industry
- Instream flows
- ESA, SB 1477/EAA
- Hydrologic connections and disconnections
- Connections and disconnections from a legal standpoint
- Customs and traditions
- Environmental groups
- Maintain stream flows
- Alternative management strategies
- Conjunctive Use
- Adaptive Management
- Water Conservation
- Best Practices
- Water Quality
- Permitted Water
- Purchase and development rights
- Land trusts
- Rainfall/drought
- Water reuse
- Optimization
- SAWS
- EAA
- Irrigators

- CRA
- TCU
- Texas Water Development Board
- Related Aquifers
- Groundwater District
- USGS
- USWS
- Medina Lake- Lakes and Rivers
- Water marketers
- Water planning- regional
- Engineering firms
- Bond Companies
- Developers
- Corps of Engineers
- Texas Parks and Wildlife
- Conservation Districts
- School Districts
- Budgets and Funding
